SUMMARY

Full Stack Developer (MERN-focused) with 4+ years of freelancing experience since 2021. Skilled in building responsive, scalable websites using MERN stack, WordPress, Shopify, and custom code. Proven track record of delivering high-quality solutions tailored to client needs.

PROFESSIONAL EXPERIENCE

Web Developer, Nicholas Realty   **March 2023 - February 2025**

- Maintained and optimized the real estate website with IDX/MLS integration, responsive design, and SEO strategies.
- Improved performance, handled updates, backups, and aligned content with marketing goals.

PROJECTS

Gadgets Hub – Electronics Product Store

Live Client | Live Server | Code Client | Code Server

A full-stack e-commerce platform for electronic devices featuring role-based access. Users can browse and purchase products, while admins manage inventory, orders, and delivery status. Built using Next.js, React, TypeScript, Tailwind CSS, Node.js, Express.js, and MongoDB with smooth UI animations via Framer Motion.

Medinest – Medicine E-Commerce Store

Live Client | Live Server | Code Client | Code Server

A modern medicine e-commerce platform with dynamic product pages, role-based access, and a responsive UI. Users can browse, search, and purchase medicines, while admins manage products and orders. Developed using Next.js, TypeScript, Redux, Tailwind CSS, Node.js, Express.js, MongoDB, and Framer Motion for smooth animations.

Dashboard App – Store Product Management

Live Client | Live Server | Code Client | Code Server

Built a secure admin dashboard for managing store products, stock levels, pricing, and quantities. Features include full CRUD operations (add, edit, delete) with authentication and role-based access (admin only). Developed using Next.js, TypeScript, Tailwind CSS, shadcn/ui on the frontend and Node.js on the backend.

SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Redux Toolkit, GSAP
Backend: Node.js, Express.js, REST API, JWT Authentication
Database: MongoDB, Mongoose
Tools: Git, GitHub, Firebase, Postman, Vercel, Render, WordPress, Elementor, WooCommerce

EDUCATION

Bachelor of Business Administration (BBA), Accounting
National University, Bangladesh   **Completed in 2024**
